To Whom It May Concern

I am pleased to highly recommend **Piyas Mazhi**, who successfully completed his internship under my supervision at our organization, **Arbeit Technology**, starting from February 8.

During his internship period, Piyas demonstrated exceptional dedication, creativity, and a strong willingness to learn. He actively contributed to multiple real-world projects, showcasing both his technical skills and problem-solving abilities.

He worked on several full-scale eCommerce website development projects using WordPress, including organic products, footwear, and perfume-based online stores. In these projects, he effectively utilized tools such as Elementor and WooCommerce to create modern, responsive, and user-friendly websites. His work included implementing product management systems, secure checkout processes, and optimizing user experience across devices.

In addition to web development, Piyas also developed a web-based PDF generation system for creating quotations, invoices, and bill receipts. This system significantly improved operational efficiency by automating document creation and ensuring accuracy.

What sets Piyas apart is his creative mindset and attention to detail. He consistently delivered high-quality work and showed the ability to understand real client requirements and translate them into functional digital solutions.

Piyas is a hardworking and talented individual, and I strongly believe he will be a valuable asset to any organization he joins in the future. I highly recommend him without any hesitation.

If you require any further information, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to be "FH" followed by a stylized flourish.

MD. Farhad Hossain
Business Operations Manager
